VIII. Student Representative - JayLee Chapman

I am a senior, on the cross country, equestrian, track and basketball teams; as well as NHS treasurer and class president. I also read and train horses. New this year is the Cell Phone policy. We know it is a good thing. We have more engagement in the classroom. There were some hiccups for journalism assignments as phones were a tool used in the class. Senior Sunrise was today. It was quite frigid, but brought some more energy to the first full week. Homecoming is stressful as it is really early. The student council has limited members. We are working on recruiting students to sign up for leadership. Some students were not happy with the Homecoming Dance happening right after the game. It should be interesting as some want it a casual event whereas some want it more formal.

IX. Reports

Ms. Hodgson - Assessment Celebration

X. Superintendent Report

We will bring more detail in November for the Assessment Celebration.

We are excited to celebrate with the students this Friday. I met with the Village in regards to the trail behind the high school. They would like to improve the trail.

They would like permission for people to regularly go through this trail. The width may increase from 8 to 16'. The village would be doing regular maintenance for this project.

Questions posed by the board : Is this going to impact the cross country trail? If it is concrete we may need to have mats to put down. Is there a reason to bring a public trail right next to the building compared to further away over by the apple orchard? The district will seek another proposal from the Village moving the trail to the south side of the apple orchard.

We are still waiting on the state budget. Regina and Teresa will be here on the 22nd and will make some recommendations for some new reports. The auditors will be here as well to go over the audit.

School Breakfast and Lunches are in the budget until 9/30. We will put something out to parents if things change.

I went to the Lions meeting this week. We had a discussion about the district and upcoming bond information.

We are working to address the needs of the journalism class by ordering ipads.

Ben Kruse - Staff athletic passes have been distributed to each building. Cross country is setting out on a run at the end of the week to bring the homecoming game ball back from Union City. Dr. Angel from Grass Lake has encouraged us to talk to Brian Zalud the AD about the Cascades Conference. Hillsdale is looking to join the Big 8.
