

Hello Smith Families!

As we plan for the 2020-21 school year here at Smith Elementary School, we understand that families are asking about needed school supplies.

Below, you will find two lists:

- *The first list is for general student supplies that each child will need.
- *The second list is a wish list from the teachers of items that we find useful to have.

We do not expect anyone to make a financial hardship upon themselves in order to purchase these items. Our students will have what they need.

Thank you for supporting our students and our school!

Sincerely,
The First Grade Teachers
